

TILEFIRE™

Thank you for your interest in Tile Fire's bespoke tile design and production service. Tile Fire is an innovative floor and wall tile design company with a reputation for excellent workmanship and reliability.

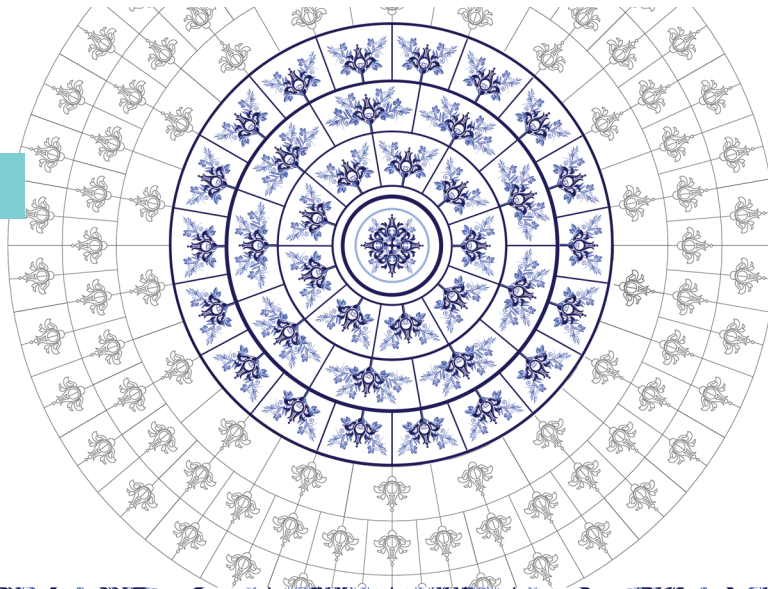

All of the designs on our tiles are third fired meaning that they will never fade or wear, just the same as you would expect from any off the shelf tile!

Working with top design firms and individuals we offer a tailored service developing concept designs into a finished product.

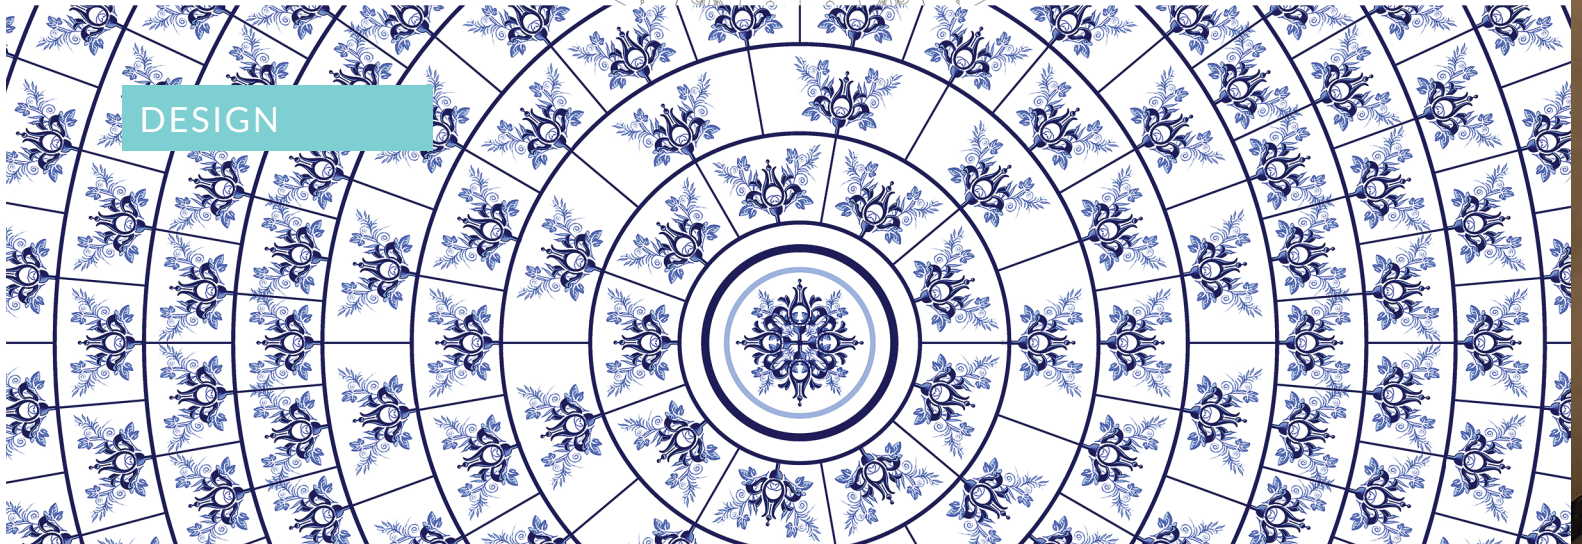

We have experience delivering large and small scale projects, and have completed production contracts for the following sectors;
Hotels, Restaurants, Retail, Housing, Spa & Leisure.

CONCEPT

DESIGN

PRODUCE & INSTALL

All of our tiles are baked at high temperatures meaning that the design will never wear off, fade or scratch. This gives you peace of mind that your tiles will last for decades.

We can also provide floor tiles that can be used in commercial areas with an anti-slip rating of up to R12 and a pendulum test value of 46+ in wet conditions and 60+ in dry conditions.

TILE CUTTING

Using high powered water jets and specialist software we are able to cut tiles to any shape you desire with 99.9% accuracy. This means that no matter how many tiles you order the first tile will always match the last tile.

FABRIC/WALLPAPER MATCHING

If you are in need of a tile to match fabric or wallpaper, one of our designers will be able to recreate the design and match the colours exactly.

WORD & LOGO TILES

Have your branding printed onto tiles. Using our digital ceramic printers means that the image or logo will never wear off, no matter how much cleaning you do. This method removes the need to employ artists after tile fitting, cutting down on the installation time required to paint designs which can rub off or fade.

PHOTO QUALITY TILE MURALS

Digital ceramic printing means that we are able to provide a stunning feature wall by expanding a photograph over many tiles, much like a jigsaw.

DO YOU HAVE AN IDEA FOR YOUR TILES THAT ISN'T LISTED?

Get in touch, we relish a challenge and have come up with many innovative ideas over the years to overcome obstacles that our competitors won't touch!

Whether you need one tile or one million, our team is ready to help with all your tile design and production needs.

Call **0151 223 0377** or email **info@tilefire.co.uk** to discuss how we can help you realise your ideas.
