QRAFT

— LIGHTING —

Qraft Lighting is a British based manufacturer of decorative lighting with an immense passion for designing and crafting beautiful luminaires for the hospitality and the residential market. We prioritise attention to detail, exceptional quality and fine craftsmanship.

Creative design and innovation is at the heart of our identity. Crafting decorative luminaires is an art and we have refined this art over time allowing us to transform spaces through stunning designs built to stand the test of time.

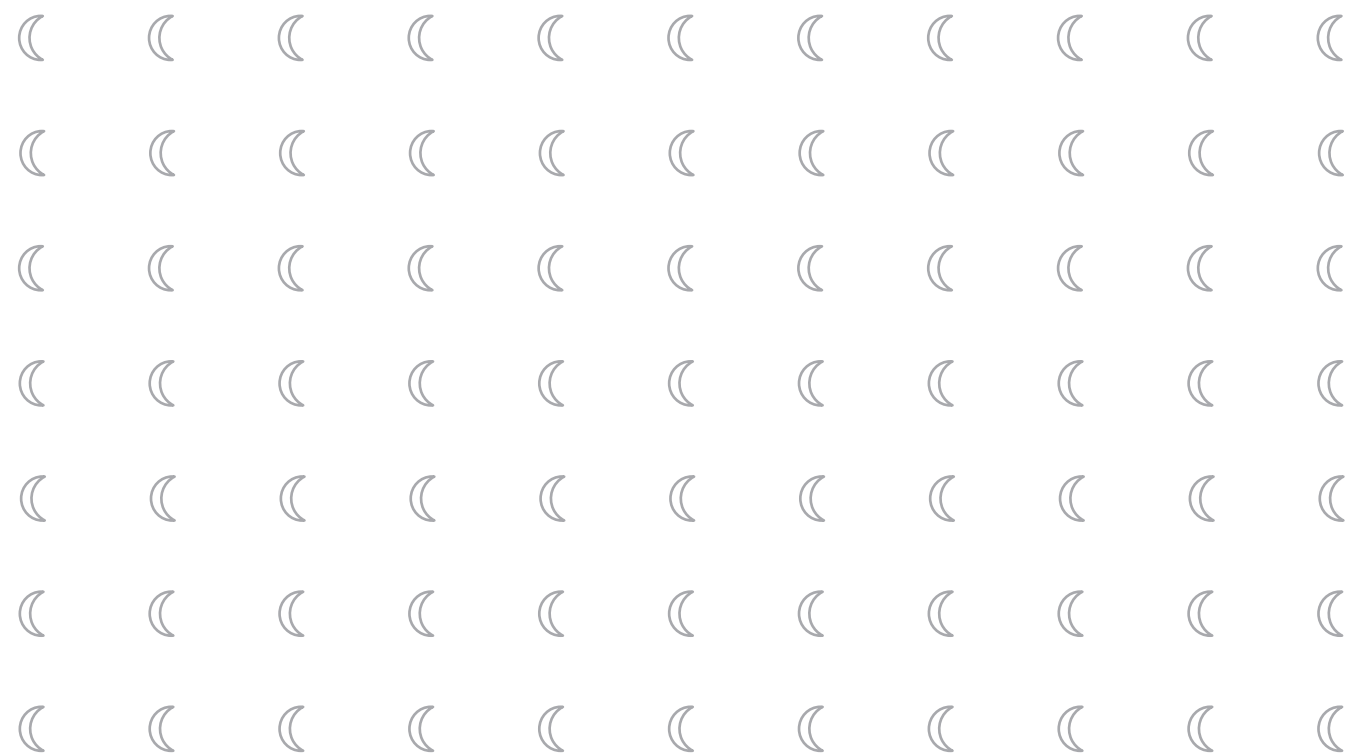

The team's roots originate from lighting, interior & product design, and manufacturing. Together we understand the process of product development and the challenges that it brings. Hence, Qraft Lighting was founded with the goal of overcoming these obstacles and to establish itself as a creative, open, honest and trustworthy lighting brand.

We craft beautiful luminaires to shape the way you light.

Crescent Collection

Crescent is a retro modern design inspired by the sensuous curve and form of the moon. The exquisite curved arms provide a suspension supporting the shade, which is a focal point of the design. The inner golden glow of light imitates the luminosity of the moon and adds a graceful charm to any setting. Crescent comes in either satin black and satin white finish as standard.

CRESCENT

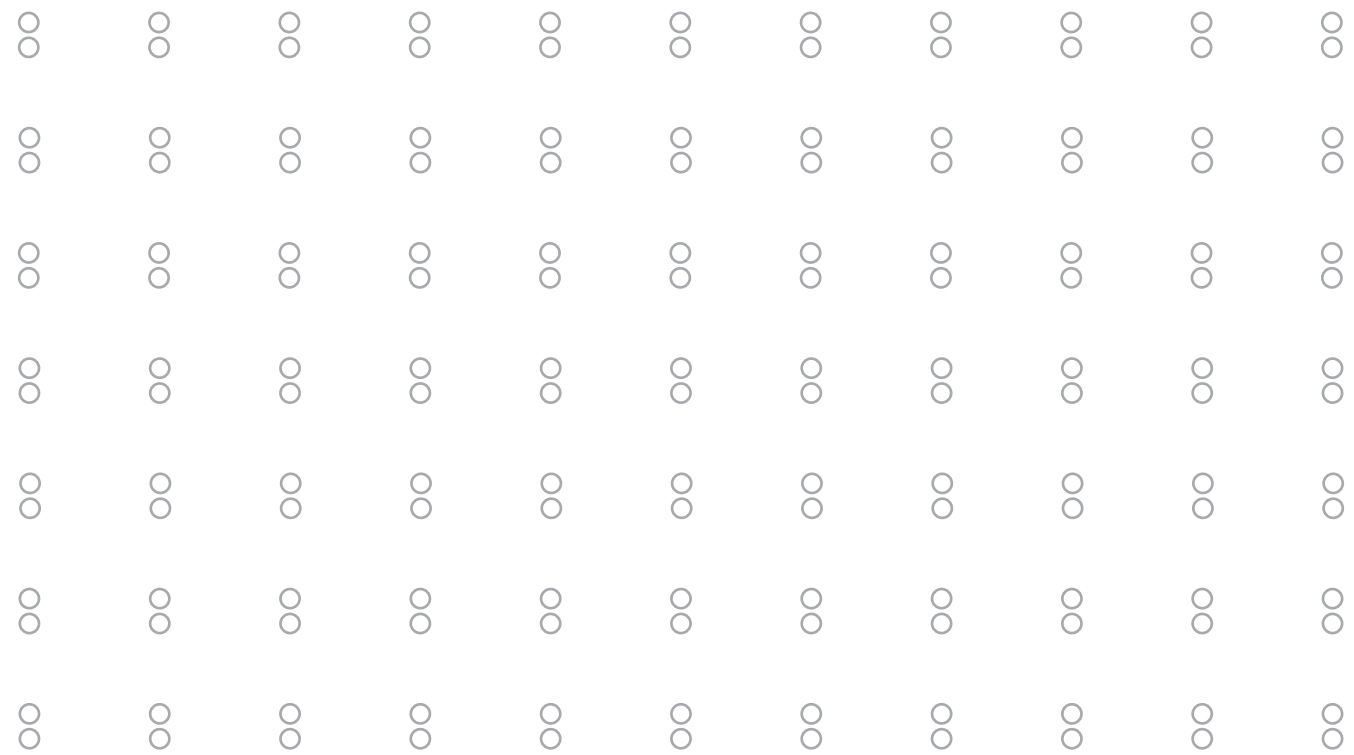

Pendant One

Wall Lamp One

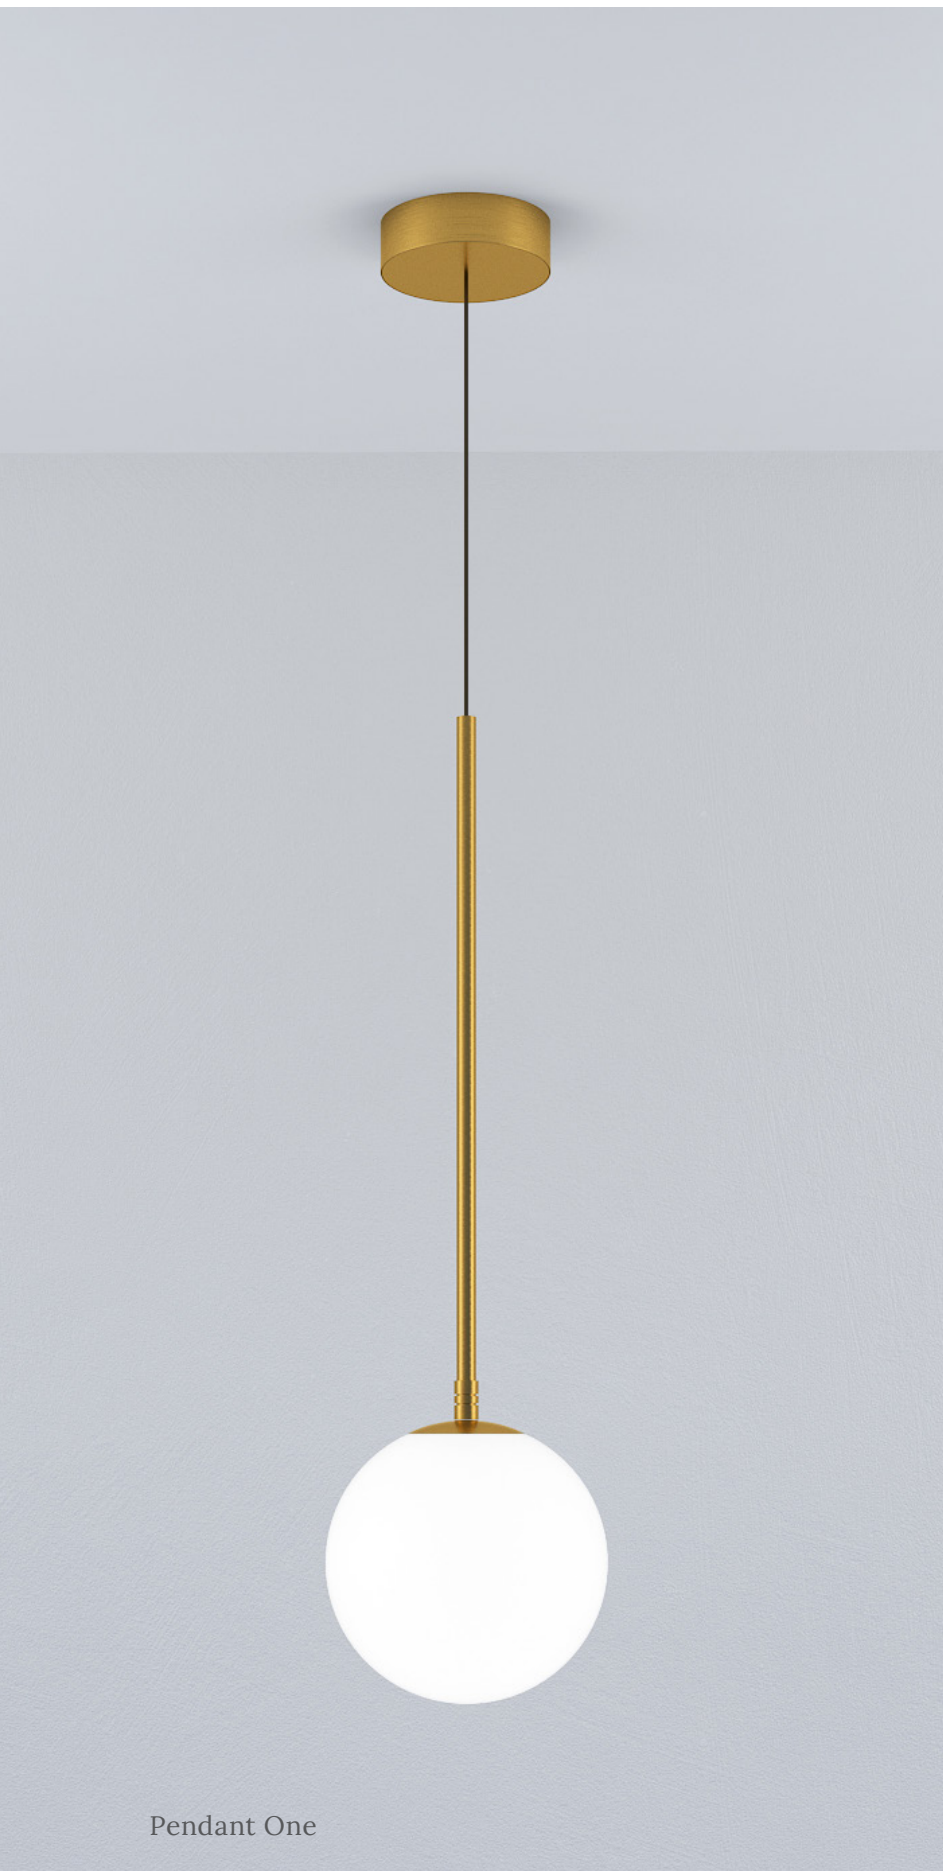

The Crescent Collection

Post Collection

The all-time favourite and popular spherical design of the Post makes it an ever popular choice for any interior. A marriage of tradition and innovation, this collection is suitable for any sophisticated or industrial interior. Created in two finishes of brushed brass with opal glass or satin black with smoky tinted glass.

Pendant Four

Oval Collection

A timeless and classic collection, Oval is dainty and delicate. Inspired by the elegant ovoid shape. The Oval adds an understated class to all environments that it will adorn. Available as standard in brushed brass or brushed nickel and with a choice of two different shade combinations.

OVAL

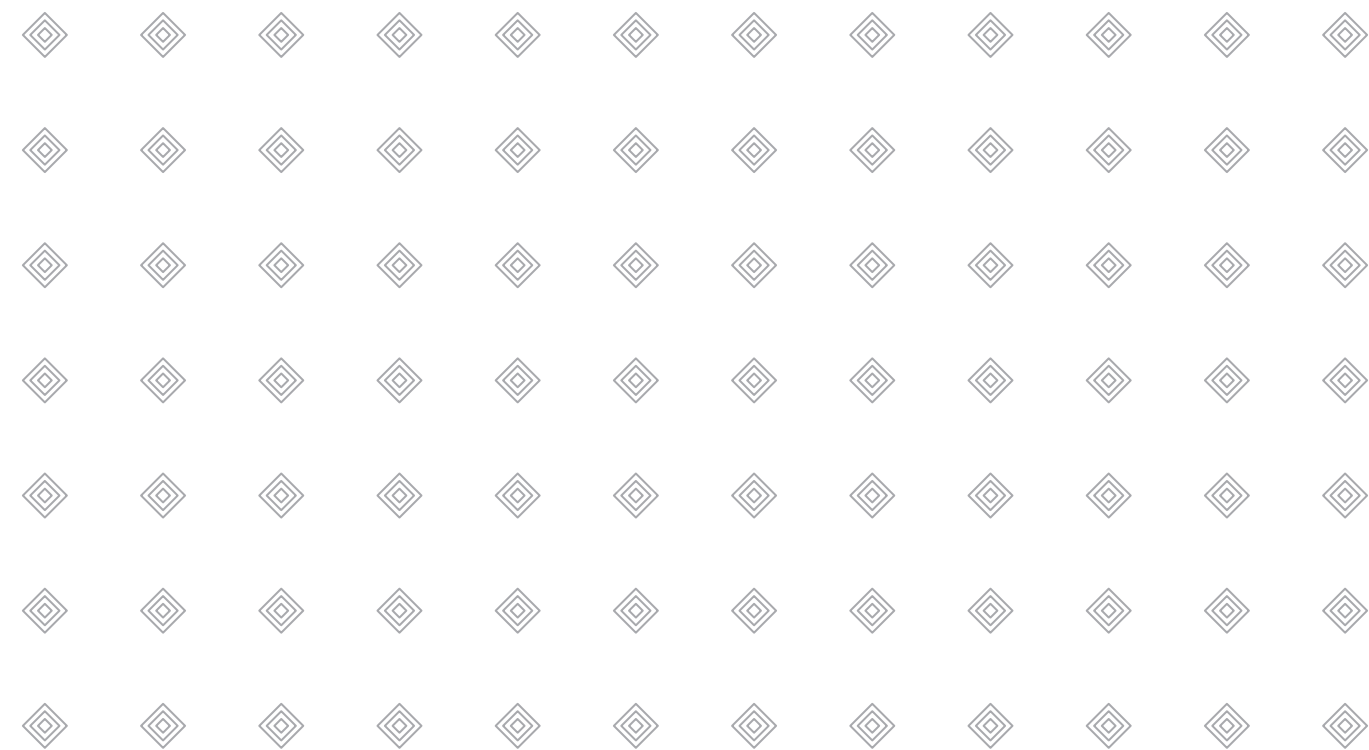

Floor Lamp

The Oval Collection

Stella Collection

Stella is an art deco inspired collection, which is versatile in any setting, yet unmistakably classy and glamorous. The cylindrical shapes combined with clear vertical glass rods and brushed brass edges encasing the light source emanating an enchanting glow. Available in both brushed brass or antique copper finishes.

STELLA

Wall Lamp Two

Table Lamp

The Stella Collection

Wave Collection

The Wave collection aims to capture the fluidity of nature's waves. Intrinsic to the design ethos of the shade's natural flow and rhythm, it is balanced delicately on a slender tubular stem. It comes in a contrasting monochromatic colour scheme and is internally lined with a flourish of gold to add a sense of drama and appeal. Also available in brushed nickel finish with an oyster cotton fabric shade.

The Wave Collection

Toby Collection

Detailing matters. A little bit of drama, a little bit of whimsy, elevates Toby from the ordinary. A simple and minimalistic tubular design with beautiful brushed brass details and trims gives Toby a hint of luxury and makes this classic yet minimal design ideal for any interior. Available in satin black and satin white finish.

The Toby Collection

Buoy Collection

Buoy is a minimal and clean, bold yet understated battery powered table lamp. The sculptural simplicity of the silhouette directs the focus on the light source and is a showcase of innovation and creativity. The product incorporates the Qi wireless charger technology along with 'Dim To Warm' technology which enables the lamp to emit a cool and warm colour appearance depending on the level it is dimmed.

Bespoke

Do not see the design you want? Then why not create and design your own. Working alongside private clients, architect, and interior designers alike we can help customise any design. Whether it is to change a colour or to alter the size, we have fine tuned our manufacturing capability to cater for all needs. Our flexibility and ability to adapt sets us apart from our competition.
