CANINE HOSPITALITY

Sir Woofchester's began in Spring 2018, offering jars of dog treats to hotels, pubs & cafes across the UK. Since then we've worked tirelessly to improve our offering, launching the UK's first dedicated 'Dog Menu' in 2019 and innovating with 'ready to eat' packaging.

We can provide you with the UK's largest and most specialised product range for *dog-friendly businesses*.

why DOG-FRIENDLY?

The number of UK dog owners has increased by over 25% since 2020

Many of these are new 'first time dog owners' (including pre-family millennials) and are very keen to treat their canine like one of the family when they visit your establishment

The dogfriendly trend in hotels, pubs, cafes etc has been increasing for over a decade!

The pandemic has seen a behaviour change, with more dog owners choosing the UK for their short breaks or annual holidays

The cost of boarding kennels & pet-sitting has risen, so your customers now increasingly want to bring their dog with them!

We see ever-increasing dog-friendly requirements with accommodation providers, food & beverage outlets, as well as tourist attractions and retailers

"Sir Woofchester's products have been a great success at our Inn, with plenty of great feedback from both our guests and their dogs who seem to thoroughly enjoy them!"

HOTELS, GUESTHOUSES, HOLIDAY COTTAGES & B&Bs

You don't get a second chance to make a first impression. A small gift to welcome your customers' dogs is money well spent; especially if you're charging a dog supplement.

DOG WELCOME PACK

We can provide you with an outstanding welcome pack – comprising treats, toy and poo bags, all inside a waterproof semi-permanent bowl.

Personalised with your logo on.

The customer's spend with you may be considerable (often on top of a dog supplement fee), so we recommend you "give back" in some manner · A welcome pack or welcome treats creates disproportionate perceived value from your customers' perspective, significantly in excess of the cost to you · Sir Woofchester's provides you with high quality unique products inside recyclable, pragmatic packaging.

SLEEPY BONES TREAT POT

An affordable gift of tasty treats, made with calming herbs.

Can be combined with other products to create your own bespoke selection or welcome pack.

"We are huge fans of Sir Woofchester's products Nelsons Hotels & Inns! Not only do our doggy diners go mad for them, but they really complement our own quality offering. There is a great and varied range of meals and treats, which all present extremely well; the branding and packaging is of a very high quality, and judging by how quickly they go down so is the taste! We have had the products on our Doggy Menu at our three gastro inns for a couple of years and have just introduced them in our gastro bar at our 4 hotel! We had previously trialled other dog products, but Sir Woofchester's really does stand out above the rest!"*

HOLIDAY WELCOME

We can provide you with an outstanding personalised welcome pack – comprising treats, toy and poo bags, all inside a waterproof semi-permanent bowl.

“We have purchased Sir Woofchester’s products for our pet-friendly lodges at our holiday park. As lot of our guests like to bring their dogs on holiday with them, we thought it would be nice to leave some treats waiting for when they arrived. All the products are really good value for money and dogs seem to love them. We soon found that adding Sir Woofchester’s treats resulted in many amazing reviews! Thank you David for an amazing and innovative service you provide.”

GETTING THE MOST from YOUR DOG MENU

USE OUR ONLINE MENU GENERATOR

We'll produce formatted A5 menus with your business logo or name. You choose the products and prices. Simply print and update as often as you need.

USE OUR MENU HOLDERS

We have laminated menu holders and premium clipboards available - these ensure prominence and durability for your dog menus.

TOP TIPS

- Place menus on each table
- Train your team to promote dogfriendly & offer menu to all relevant customers
- Site a countertop display box by the till (impulse sales)
- Consider offering a 'meal deal' to increase value and spend
e.g. 'Order a 2-course meal for 2 adults and your dog eats for free!'
- Display drinks in a beer glass & a martini glass
- Social media resource: encourage customers to add photos & tag your business; or organise a monthly competition or 'dog of the week' photo

A WORD OF WARNING...

While we're all for dog friendly - we need to keep everyone happy

- Don't irritate your NON dog-owning customers
consider having some dog rules and dog-free areas
- Don't sell food from your own kitchen
it breaches countless legislation, including local environmental health, and can raise concern from your canine-free clientele

KILNER JARS

Most of your customers will expect free treats (and drinking water) to be available.

Don't disappoint them with mass-market "junk" treats full of "animal derivatives", instead Sir Woofchester's can supply you with a superior treat at trade prices
