CRAZY FORTS!

The imagination destination for the young builders in your home. Crazy Forts! is powered by a child's imagination. A single Crazy Forts! Kit contains 25 geometrically precise balls and 44 sticks that connect to create a multitude of possible play structures. Simply throw a bed sheet over top and watch their creativity flourish. Crazy Forts! Toys promote collaborative play between boys and girls are few and far between. The more they have, the better it gets as multiple kit structures are even more impressive.
