

DRINK™

RAISING THE BAR — IN SUSTAINABILITY

Reusable • Premium • Silicone Barware

gosili®

Let's have a DRYNK™

Since 2007 GoSili's mission has been to create reusable, non toxic, silicone drinkware and provide an alternative choice from the excessive waste of single use plastic. The Drynk™ line offers a premium outdoor solution for hospitality, allowing uncompromising distinction for their guests by the pool, beach or deck, while achieving sustainable goals.

Drynk™ Silicone Tips

- **Commercial dishwasher safe**
- * **Durable and unbreakable**
- * **Recyclable; we take it back and close the loop!**

Goodbye Plastic

Silicone vs. Plastic

- Unlike plastic, silicone does not break down into toxic, micro pieces
- Silicone sits at the top of the Zero Waste Hierarchy — rethink, reduce, reuse
- Single use plastic is rarely recycled and floods water ways and landfills
- Legislation is banning the use of single use plastic across multiple industries

“A beautiful cocktail should never see the inside of a disposable, plastic cup.”

Giuliana Schwab—Design Director DRYNK™

Pool Side Beach Deck

Drynk™ Benefits

- Premium, European grade silicone

The rise of Green Hospitality

A smart choice for the future

- Meeting consumer demand
- Enhancing brand reputation
- Fostering innovation & collaboration
- Preserving natural resources
- Driving operational efficiency

**Hotel Suppliers*

“Unfortunately the global hotel industry generates 150 million tons of single-use plastic each year.”

**Sustainable Hotel News*

DRYNK™ Bar Cart

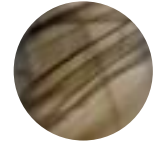

10oz Short Stack

16oz Large Stack

Black Swirl

White Swirl

10oz Rocks

1.5oz Shot

6oz Coupe

10oz HiBall

Minimum order 100 units per style and color way. Custom colors available (minimum 1000 units.)

A person wearing a light-colored t-shirt and a wide-brimmed hat sits on a wooden deck, looking out over a tropical beach at sunset. The scene is filled with palm trees, a calm sea, and a large beach umbrella in the distance. The warm, golden light of the setting sun creates a serene and relaxing atmosphere.

Fits into the Existing System

Just like glassware

- Rinse and clean with commercial dishwashing
- Freezer safe for that extra chill
- Stackable cup designs offer more storage space
- Alternative cup designs allow premier mixologists to get creative
