You've invested in the
best finance software

NOW IT'S TIME TO GET THE BEST OUT OF IT

Sage Intacct is one of the most advanced software packages available. It's designed to automate complex processes, increase productivity, and give you real-time insight to transform your business. It's capable of so much...but can you be sure you're getting the very best from it?

With Percipient+, you can. We have one of the most qualified Sage support teams in the UK – so we know exactly what Sage Intacct is capable of and its potential. And with Percipient+ by your side, you can be sure it's working as hard as possible for you through consultancy, technical support, training, and custom development. In short, we help you get more from Sage Intacct, to help your business go further.

No-one knows **MORE** about Sage Intacct

Percipient is one of just a handful of Sage Platinum Elite Partners in the UK and one of the **top 30 partners worldwide**. We work exclusively with Sage Intacct software, and have won multiple awards for our work, providing not only class-leading finance solutions but industry-leading support.

Our team has over 20 years' experience working across multiple industries, from hospitality to healthcare, not-for-profit to sports & leisure and professional services, working collaboratively and establishing long-term relationships with our customers.

Our wealth of experience has given us a unique insight into how different businesses work, and how they can work better. It enables us to adapt both your software and our services to support your specific business needs.

Rather than blind you with techy buzzwords, you'll find we speak simply using straight-talking language. And our people are not just highly skilled at what they do, they uphold our core values of honesty, reliability and adding long-term value to your business.

HEAR FROM OUR CUSTOMERS

Percipient has proved once again to be a trusted digital partner, bringing a wealth of value. For us, the real USP is that they not only have in-depth knowledge and expertise around Sage Intacct, but real-world experience in the finance industry. They are supportive with first-rate knowledge, and their consultancy is incredibly impressive. They challenge us and pose new ideas, and this understanding and empathy means they can foresee issues, navigate complexity, and deliver capabilities which are aligned with our business and its financial management processes. Percipient not only understood our needs from the outset, but demonstrated tenacity and professionalism in meeting, and often exceeding our expectations.
