Precise Digital Weights To Unleash Your Power

Direct-Drive Motors

The dual direct-drive motors generate different levels of weight, making it easier to correct muscular imbalances.

Digital Weight System

The Speediance digital weight system offers unparalleled ease of use coupled with steadfast accuracy.

Maximum 220 Lbs / 100 Kg

Maximum weight of 220 lbs / 100 kg and an adjustable increment, you can tailor your training to fit your needs.

Elevate Every Move.

Standard Mode

Offers a resistance that corresponds to your chosen weight to guarantee a consistency throughout your workout.

Your Go-To For Every Rep.

Eccentric Mode

Isolates the negative movement phase of a workout and increases the resistance when you return to the starting position.

Push Harder, Build Strength Faster.

Chain Mode

The weight is gradually increased as you approach the top end, providing a unique challenge to your workout.

Simulate Free Weights, Master Control.

Fixed Speed Mode

Provides a constant speed or resistance during movement, ideal for a stable pace and safe rehab training.

Consistency Meets Intensity.

Assist Mode

Support When You Need It Most

It auto-detects and immediately reduces the weight whenever you are struggling to finish the last few reps.

Partner Mode

Grow Together With
Your Buddy

Experience diverse weights and dynamic movements with your loved ones.
Unlock personalized training data for everyone and elevate your workouts together.

Next-Level Safety

Ensure your safety at every step.

Bilateral Imbalance Protection

Automatically triggers safety protection when barbell movements detect an imbalance, safeguarding your workout.

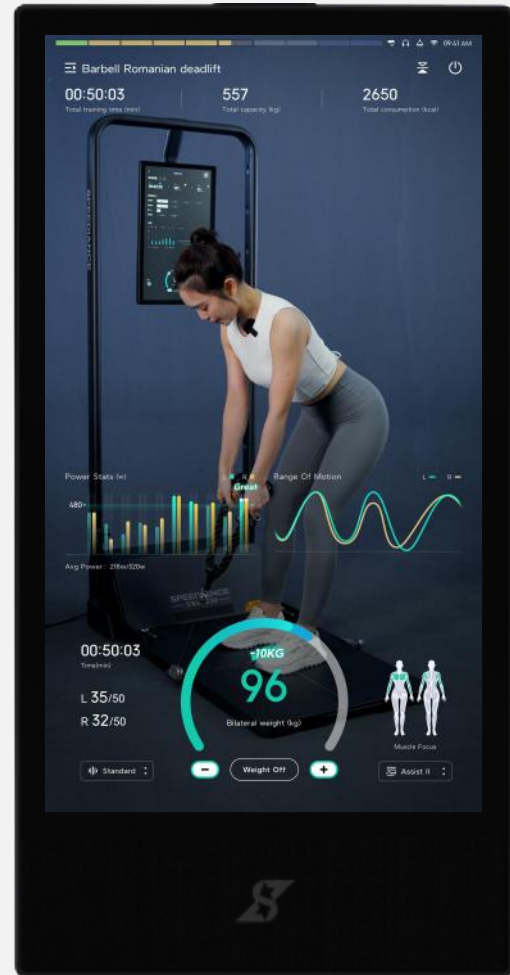

Hands-Off Detection

Activates safety mechanisms if the system detects you releasing the barbell during training.

Gym Monster ensures real-time monitoring of your workout, prioritizing your safety at every step. In hazardous situations, the motor applies an emergency brake for immediate protection.

Dynamic Data Insights For Your Progress

Gain insights into consumption, output, motion capacity, and more. Track workout records, intensity levels, muscle group readiness, and more.

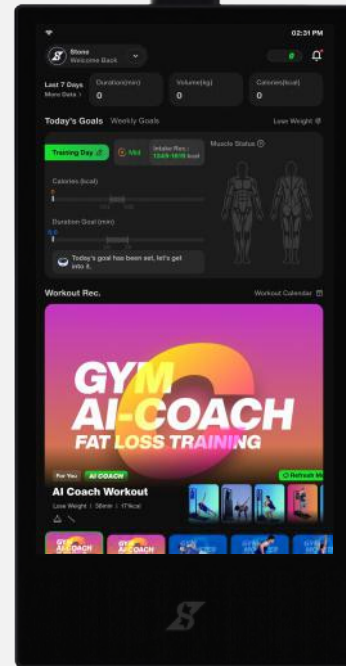

AI Coach Rec.

It can help you to set goals, plan training schedules, customize workouts, and fine-tune weights, empowering a smarter and more effective fitness journey.

Get Personalized Recommendations.

From day one, Gym Monster learns your preferences and workout habits. After setting your goal, AI Coach will craft a personalized training schedule and dynamically adjust daily targets based on your current physical status.

Create A Custom Plan.

Your Training Journey, Your Way

Design a personalized schedule aligned with your fitness goals. Get reminders to stay on track and enjoy tailored adjustments for weights, sets, and rest intervals—all crafted to meet your needs.

It's All Here For You.

10 workout types, from Cardio to Strength, and Stretch too. Enjoy fresh sessions every two weeks, from 5 to 50 minutes. Explore the world's largest fitness library on a stunning FHD display with 90-degree vertical rotation.

FAQs

Q1: How do I set up my Gym Monster quickly?

Unbox the device, connect it to the power supply, and turn it on.
Complete the device calibration (if needed) to start your workout.

Q2: Does Gym Monster require a Wi-Fi connection?

You don't need Wi-Fi for free training—it works offline. But you can connect to Wi-Fi for more features, like updating software, syncing your workout data, and accessing extra content.

Q3: How do I choose the right workout mode for me?

Open the app and select your fitness goal (e.g., muscle building, fat loss, or cardio improvement). Follow the recommended courses or create a customized workout.

Q4: How can I adjust the resistance?

Use the resistance options on the device screen or our Bluetooth ring at your fingertips.

Q5: Does Gym Monster require regular software updates?

Yes, the device will notify you when updates are available. Keep your device connected to Wi-Fi to enjoy the latest features and performance enhancements.

Q6: What should I do if my device malfunctions?

You can reach our customer support through the following channels:
Official Website: www.speediance.com
Email: after-sales@speediance.com
Tel: 855-200-2702 Time: Mon-Fri, 8 AM - 12 PM & 1 PM - 5 PM (EST)

SPEEDIANCE
