

GENERAL OVERVIEW

REDA is an award-winning design practice delivering architecture, interior design and technical development across hospitality, residential and commercial projects.

What distinguishes REDA is the breadth of expertise available under one roof.

Alongside design and technical documents, our team delivers bespoke furniture, sourcing, procurement and project delivery, allowing clients to work with a single organisation throughout their projects.

WHAT SETS US APART

Single Point of Contact

Architecture, interior design, technical development, bespoke furniture, procurement, sourcing and project delivery delivered through a single organisation.

One team, single point of contact throughout the project.

Extensive Project Experience

Since 2013, REDA has completed over 100 residential, commercial and hospitality projects.

Award-Winning Design Capability

Recipient of two German Design Awards, an Architizer A+ Special Mention and the 14th West Mediterranean Architectural Award.

Design-Led and KPI-Driven Approach

Design, technical development and delivery are aligned with clearly defined project objectives.

Technical, Manufacturing and Delivery Expertise

From technical documentation and bespoke furniture to manufacturing coordination and final delivery, every stage is carefully managed.

International Collaboration

Experienced in delivering projects with clients across the UK, USA, UAE, Italy and the Netherlands.
